Manchester City star Ederson took time during his family vacation to play a game of football with his fans.

The Brazilian goalkeeper has been on holiday with his wife Lais Moraes and their three children - Yasmin, Henrique and Laura - in the picturesque setting of the Maldives.

They have been staying at the **Kandima Maldives resort** - a famous overwater villa surrounded by the Indian Ocean, containing all the facilities that the 29-year-old will need to keep fresh ahead of the new season.

Though he was there to enjoy his luxurious holiday away with his family, he also gave up some of his own time to meet those also staying or working at the resort.

He was pictured in a game of football with hotel staff and guests who appeared to be relishing the opportunity to play with the treble-winner.

### Lionel Messi's MLS arrival could grow Miami's tourism, expert claims

The Kandima Maldives resort is a popular destination among professional footballers.

Other players to stay at the resort over the last year including Liverpool's Joe Gomez, AC Milan player Davide Calabria and former Wolves striker Patrick Cutrone.

The resort - set on the Dhaalu Atoll - is a perfect setting for Ederson to keep himself in shape ahead of the new season.

It has its own 24/7 fitness centre, football pitch and tennis court, while his children could also enjoy themselves at the resort which has one of the largest kid's clubs in the Maldives.

It also offers diving and a host of water sports for visitors of all ages.

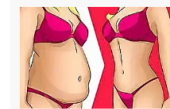

The Brazilian brought his family onto the pitch after their Premier League title celebrations back in May.

That was just the first of their three trophies claimed last season, as they went on to beat rivals Manchester United in the FA Cup final and then Inter Milan in the Champions League.
